

REPORT TO PROGRESSIVE POLICY INSTITUTE

FEBRUARY 2020 NATIONWIDE

February 24, 2020

METHODOLOGY

This report covers the results of our research: 1500 total online interviews among registered voters in Michigan, Pennsylvania, and Wisconsin. The interviews were conducted February 6-18, 2020. The margin of error for overall results is $\pm 2.53\%$ and higher among subgroups.

Targets are defined as follows:

- ✓ **Undecided (Undec)** – which represents 11% of the electorate and is defined as anyone who is undecided on the current Presidential ballot (PresB1).
- ✓ **Swing Voters (SV)** – which represents 14% of the electorate and is defined as anyone who voted Obama in 2012 and Trump in 2016 or Obama in 2012 and third party in 2016, or voted Romney in 2012 and Clinton in 2016 or Romney in 2012 and Democratic in the 2018

The States are defined as follows:

- ✓ **Michigan (MI)** – which represents 33% of the electorate and is defined as anyone who lives in Michigan.
- ✓ **Pennsylvania (PA)** – which represents 34% of the electorate and is defined as anyone who lives in Pennsylvania.
- ✓ **Wisconsin (WI)** – which represents 33% of the electorate and is defined as anyone who lives in Wisconsin.

M4A Cost Concern

Switching to a government-run health care system that would replace the current private insurance system would cost an estimated 3 trillion dollars and would be paid for through taxes, including a new tax paid by most Americans. Would you say you are very concerned, somewhat concerned, not very concerned, or not at all concerned about this aspect of this health care plan?
